Subject : Letter of Recommendation

To whom it may concern,

In the course of many of our projects in the Czech Republic, Bouwcentrum International has always greatly benefited from the services of mrs. Jana Ševčíková as an interpreter for Dutch, Czech and Slovak languages. She has been of great help at several seminars and workshops as a consecutive and simultaneous interpreter.

We greatly value her excellent knowledge of Dutch professional expressions in particularly difficult fields like construction and financial terminology, her perfect pronunciation, her flexibility to provide her services excellently under high time pressure and her ability to work in difficult negotiation situations and with virtually no preparations.

Stichting Taal has proved to be a reliable intermediary in making practical arrangements for our workshops and seminars. Mrs. Ševčíková and her colleagues also proved to be outstanding company in the formal and informal aspects of our work in the Czech Republic.

It is therefore a pleasure for us to warmly recommend mrs. Jana Ševčíková and Stichting Taal for any translation or interpretation services.

Yours sincerely,

ir. Alle Elbers
director Bouwcentrum International B.V.
